PROFILE

As a dedicated and adaptable computer science student, I bring a solid background in web development and design, with hands-on experience in front-end and back-end technologies such as JavaScript, React, and Next.js. My journey began with a passion for creating innovative and user-centered web solutions, driven by a strong foundation in UI/UX principles.

However, as I've grown and explored the vast field of technology, my interests have evolved. I am now focused on transitioning into networking, cybersecurity, and data science. My commitment to continuous learning and problem-solving remains unwavering, as I expand my skill set to include network architecture, security protocols, and data-driven insights. Eager to secure experience in these new domains, I am ready to apply my analytical mindset, technical skills, and proactive approach to contribute meaningfully and grow within the dynamic fields of networking, cybersecurity, and data science.

EXPERIENCE

INTERN AT GLITEX SOLUTIONS

may 2024 - aug 2024

During my internship at Glitex Solutions, I had the opportunity to gain hands-on experience in various aspects of technology and business operations. Working closely with a dynamic team, I was able to contribute to several projects and develop practical skills that align with my academic background in computer science.

Key Responsibilities:

- Designing: Assisted in creating visual designs for web pages and marketing materials.
- Data Entry: Managed and organized large datasets with a focus on accuracy.
- Meetings: Participated in team meetings, contributing to project discussions.

EDUCATION

Riara University

2021 - 2025

Computer science

Kiriani Boys Highschool

2017 - 2020

SKILLS

- Strong communication and interpersonal skills
- Effective time management and organizational abilities
- Teamwork and collaboration

COMPUTER SKILLS

- UI/UX Design
- Web development
- Git and Git hub

REFEREES

Muhu Njenga

Chief Executive officer, Glitex solutions
